The Brain's Amazing Drugs Cabinet
brings you

The Brain's Deluxe
"Joy Drug"

Our MASTER KEY
for all the other Brain Drugs!

DOPAMINE

is packaged in moments of anticipation,
excitement and adventure

Creates a sense of euphoria

✕

Heightens experience

✕

Improves creativity and problem-solving

✕

Helps you make faster and better connections
between thoughts, ideas and feelings

✕

Enhances the effects of all the other Brain Drugs

Benefits include

“Seeing the bigger picture”, and feeling like
“It’s all coming together”.

Caution advised

Excessive Dopamine levels may cause risk-taking
behaviour or cause you to put yourself
in harm’s way.
